## THE TRAILS

The City of San Antonio Parks and Recreation Department, in coordination with the San Antonio River Authority, have transformed the City's waterways with the development of the Howard W. Peak Greenway Trails System and the San Antonio River Trails.

The HWP Greenway Trail System is a growing network of paved multi-use creekway trails and connected parks. It includes more than 100 miles of multi-use trails and over 1.600 acres of creek-side open space along Leon Creek, Salado Creek, Westside Creeks, Medina River, various tributary creeks, and the San Antonio River.

The San Anotnio River Walk System includes over 13 miles of trails managed by the San Antonio River Authority.
