

# NORTHWEST COMMUNITY PLAN UPDATE

April 2004

*Prepared by the City of San Antonio Planning Department in partnership  
with the Northwest Community Planning Team*

## Northwest Community Plan

Planning Team / Participants**Planning Team Liaisons**

Jody Sherrill  
Dominick Dina

**Community Members**

Joel Baranowski, George Bird, Eugene Coombs  
Robert Geary, William Harmon, Herman Henderson,  
Spencer Herrera, Richard Juarez, John Keenan, Keith L.  
Kolars, Liz Konecki, Betsy Kropp, Paul Longoria ,  
Tracy Manning, Steve Martinez, Will MacNanee, Ann  
Morris, Lisa Nava, Larry Patin, Michelle Robledo, Sally  
Schwab, Greg Shean, Charles Stervinou, Elaine  
Talarski, Ted Traskas, Edgar Zepeda

**Neighborhood / Homeowner's Associations**

Annette Allard, Northwest Crossing HOA Inc.  
Chris Bendele, Misty Oaks HOA  
Carole Bird, New Territories HOA  
Frank Caballero, Great Northwest Comm. Imp. Assn.  
Art Coats, Braun Station East Comm. Imp. Assn.  
Dominick Dina, Guilbeau Park Owners Assn.  
Pearl Hawkins, Wildwood West N.A.  
Jay Herridge, Silverbrook Assn., Inc.  
Casey Jones, Braun's Farm HOA  
Tony La Frenier, Braun Station West Comm. Imp. Assn.  
Gary Mansch, Braun Station West, Comm. Imp. Assn.  
Jacob Mendiola, Northchase HOA  
JoAnna Panther, Saddlebrook  
Richard Schwab, Braun Hollow HOA  
Paul Williams, Hidden Meadow Community HOA

**North Side Independent School District**

Jean Dove, Braun Station Elementary School  
Brenda Farias, Knowlton Elementary School  
Joel Friedman, Boone Elementary School  
Ray Galindo, Leon Valley Elementary School  
Linda Garcia, Connally Middle School  
Marcia Hare, Scobee Elementary School  
Sandy Killo, Fernandez Elementary School  
Lara Levina, Elrod Elementary School  
Javier Martinez, Zachry Middle School  
Eleanor Maxwell, Brauchle Elementary School  
Debbie Patlovany, NW Crossing Elementary School

Judy Rosanno, Timberwilde Elementary School  
Sandy Young, Stevenson Middle School

Zenon Solis  
Andrew Spurgin  
Christine Vina

## Northwest Community Plan

**LAND USE PLAN**

The Land Use Plan builds on the goals and objectives of the Northwest Community Plan and identifies the preferred land development pattern. The plan reflects, in general terms, compatible land uses and serves as a policy guide for future development. Two primary tools for implementation of the land use plan are the Unified Development Code (zoning and subdivision ordinances) and the Capital Improvements Program (CIP), the city's six-year financial plan for capital projects. After adoption by City Council, the Planning Department will consult the Land Use Plan as a guide for developing staff recommendations on individual zoning cases.

The plan emphasizes preserving existing single-family developments, while locating most commercial uses at nodes, or along highly traversed corridors. Commercial uses are also segregated by intensity of use, with Regional Commercial uses being located primarily at the intersection of highways and arterials, Community Commercial uses located where collectors and arterials meet, and Neighborhood Commercial uses where collectors and arterials meet, or where collectors and residential streets meet.

The planning process also placed a premium on the continued acquisition and development of additional open space and parks. The development of Leon Creek linear park as part of the City's Proposition 3 program should develop as shown on the land use map.

**Land Use Classification**

**Description**

**Low Density Residential**

Light Yellow

Low Density Residential Development includes Single Family Residential Development on individual lots.

This form of development should be located away from major arterials, and can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

**Medium Density Residential**

Yellow

Medium Density Residential includes Single Family Residential Development on one lot, including townhomes and zero lot line configurations, duplexes, triplexes, and fourplexes.

This form of development should be located along collectors, or residential roads, and can serve as a buffer between low density residential and more intense land uses like commercial.

This classifications includes certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

**Land Use Classification**

**Description**

**High Density Residential**

Orange

High Density Residential Development includes multi-family developments with more than four units, such as apartment complexes, but can also include low density and medium density residential uses.

This form of development should be located along collectors, arterials, or highways, and can serve as a buffer between low or medium density residential land uses and commercial uses.

This classification can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

High Density Residential uses should be appropriately buffered from adjacent residential uses through landscaping, screening and lighting controls.

**Land Use Classification**

**Description**

**Neighborhood Commercial**

Pink

Neighborhood Commercial includes less intense commercial uses with low-impact convenience, retail, or service functions. Example of uses include convenience store, small insurance or doctors office, bakery, small restaurant, bookstore, antique shop, copy service, veterinarians office, or small, neighborhood sized grocery stores.

Locations for Neighborhood Commercial include arterials, and collectors where they meet arterials.

Neighborhood Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.

Parking is encouraged in the rear of the buildings, and should be appropriately buffered from adjacent residential uses through landscaping, screening and lighting controls. Monument signage is strongly recommended, as are pedestrian amenities.

**Land Use Classification**

**Description**

**Mixed Use**

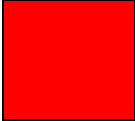

Salmon

Mixed Use allows for a concentrated, well structured, and integrated blend of higher density residential, retail, professional services, office, entertainment, and other land uses. The integration of uses should occur within structures, as well as across the site, with commercial uses situated primarily along the higher order roadways, and on the ground floor level of individual structures.

Mixed Use is preferred along arterials, preferably in a nodal pattern with proximity to a major transit stop or node. When placed along a higher order roadway, the mixed use development should decrease in density with distance from the roadway.

Building and architectural design of a mixed use development should stress quality, including open space, landscaping, and a safe, attractive, and pedestrian and bicycle friendly environment.

Land Use Classification	Description
<b>Community Commercial</b>	<p>Community Commercial provides for offices, professional services, and retail uses of moderate intensity and impact. Example of uses include a grocery store, a medical office, music store, shoe store, nursery, or mailing services store.</p>
	<p>Locations for Community Commercial include along arterials.</p>
<p>Bright Red</p>	<p>Community Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.</p>
	<p>Parking is encouraged in the rear of the buildings, appropriately buffered from adjacent residential uses through landscaping, screening and lighting controls. Monument signage, is strongly recommended, as are pedestrian amenities. Shared access is required.</p>
	
	

**Land Use Classification**

**Description**

**Regional Commercial**

Brownish Red

Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region. Example of uses include “big box” retail and retail “power centers”, shopping malls, movie theaters, and medical or office complexes that are mid to high rise.

Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size.

Regional Commercial uses can serve as an appropriate buffer between an arterial or highway, and lower intensity commercial or residential uses.

Regional Commercial uses should include well defined entrances, and shared internal circulation with appropriate landscaping and pedestrian amenities. Trees should shade parking and pedestrian areas, and signs should be of the monument style and scale. Lighting controls should be in place so as to direct lighting onto the site, away from adjacent land uses, and to reduce glare, and limit uplight.

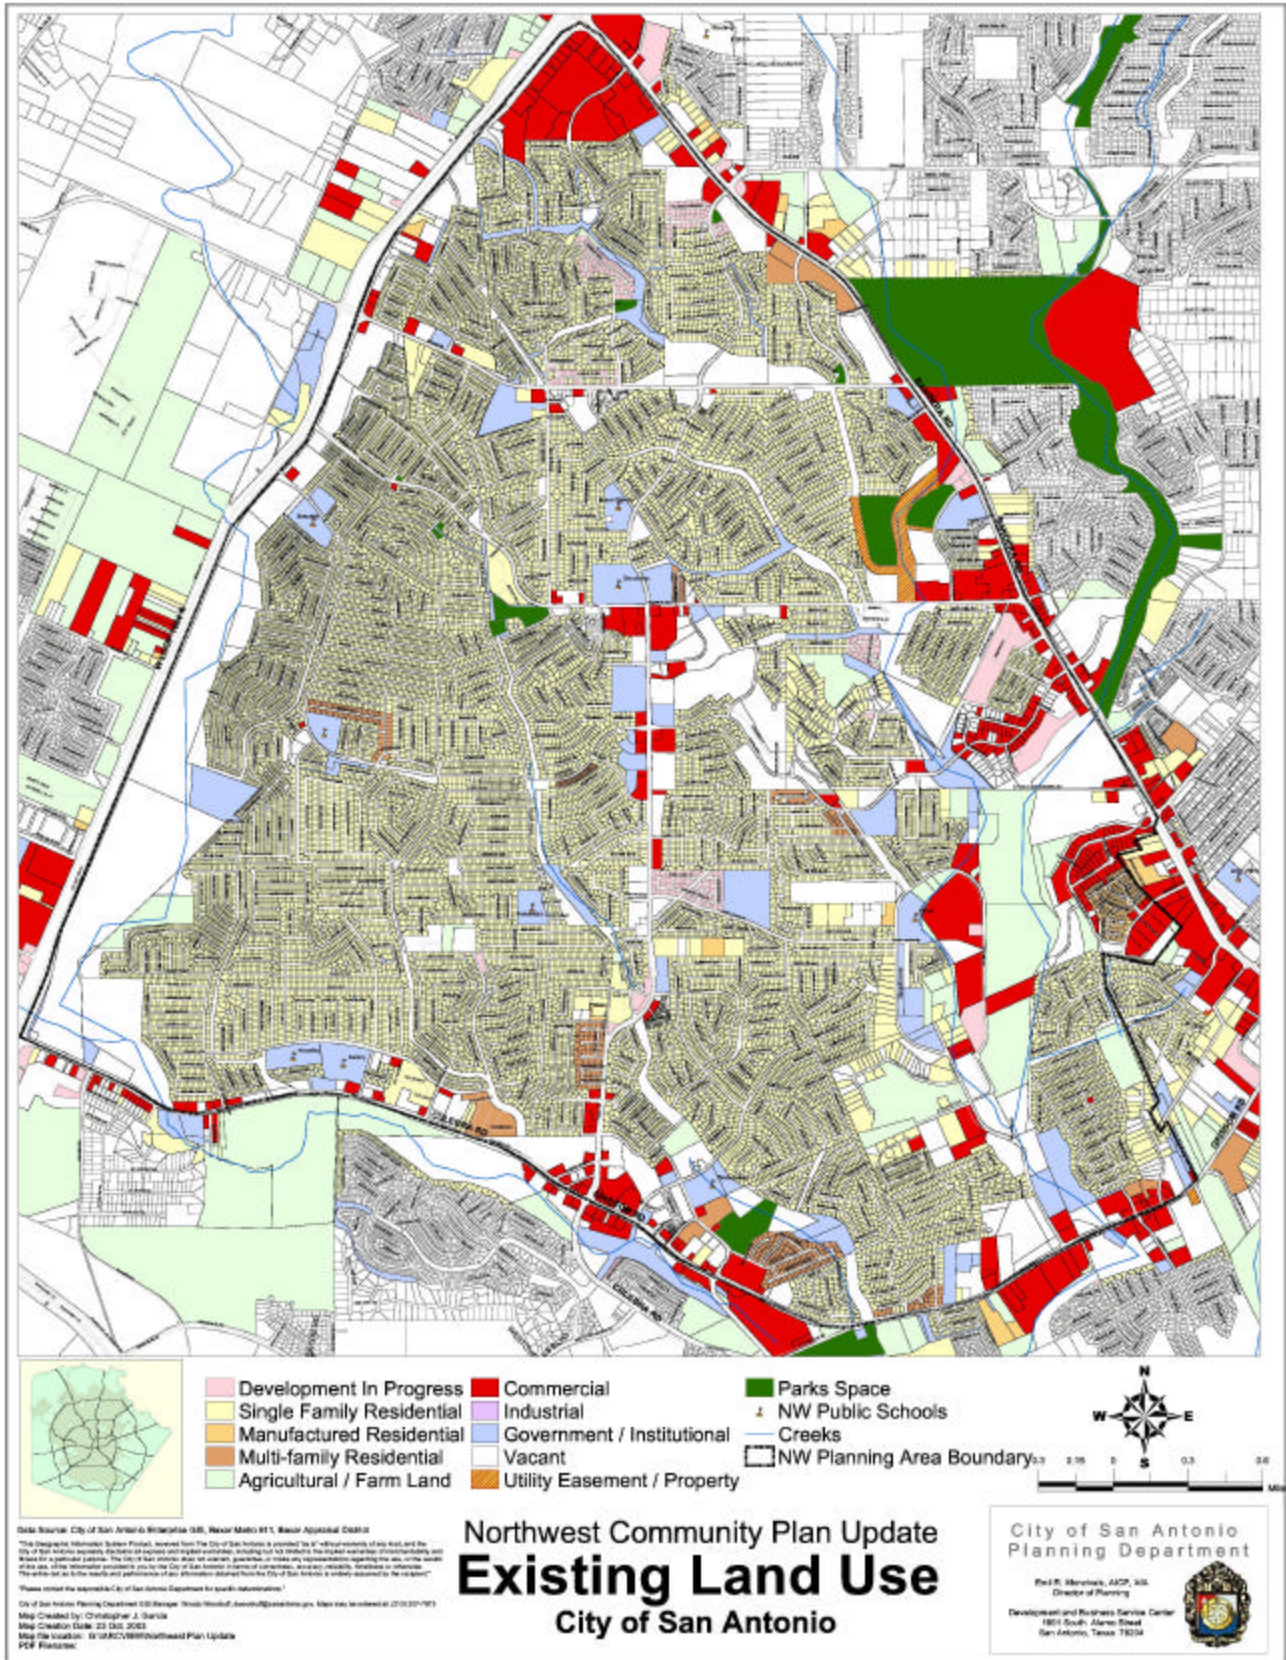

Land Use Classification	Description
<p data-bbox="126 394 391 428"><b>Public Institutional</b></p>  <p data-bbox="196 583 313 617">Light Blue</p>	<p data-bbox="532 394 1495 537">Public Institutional uses include public, quasi-public, and institutional uses that facilitate the containment or delivery of local, state, or national governmental or non-profit services. Examples include post offices, libraries, schools, fire stations, churches, community gathering facilities, etc.</p> <p data-bbox="532 573 1523 642">The location for these services include where they currently reside, as well as where they meet the future needs of the community.</p>  
<p data-bbox="215 1157 293 1190"><b>Parks</b></p>  <p data-bbox="215 1360 282 1394">Green</p>	<p data-bbox="532 1157 1511 1226">Parks include public and private land uses that encourage outdoor passive or active recreation.</p> <p data-bbox="532 1262 1474 1331">Examples include City pocket, regional, or linear parks, as well as private parks associated with subdivisions and neighborhood associations.</p> <p data-bbox="532 1367 1500 1478">Parks should be located for convenient, yet safe, neighborhood and community access and should be sized sufficient to provide adequate facilities for the neighborhood or community it serves.</p>  

Land Use Classification	Description
<b>Open Space</b>	Open Space includes large, or linear, unimproved land where conservation is promoted and development is not encouraged due to presence of topographic constraints or institutional uses on the site.
	Examples of Open Space include flood plains and utility corridors.
Light Green

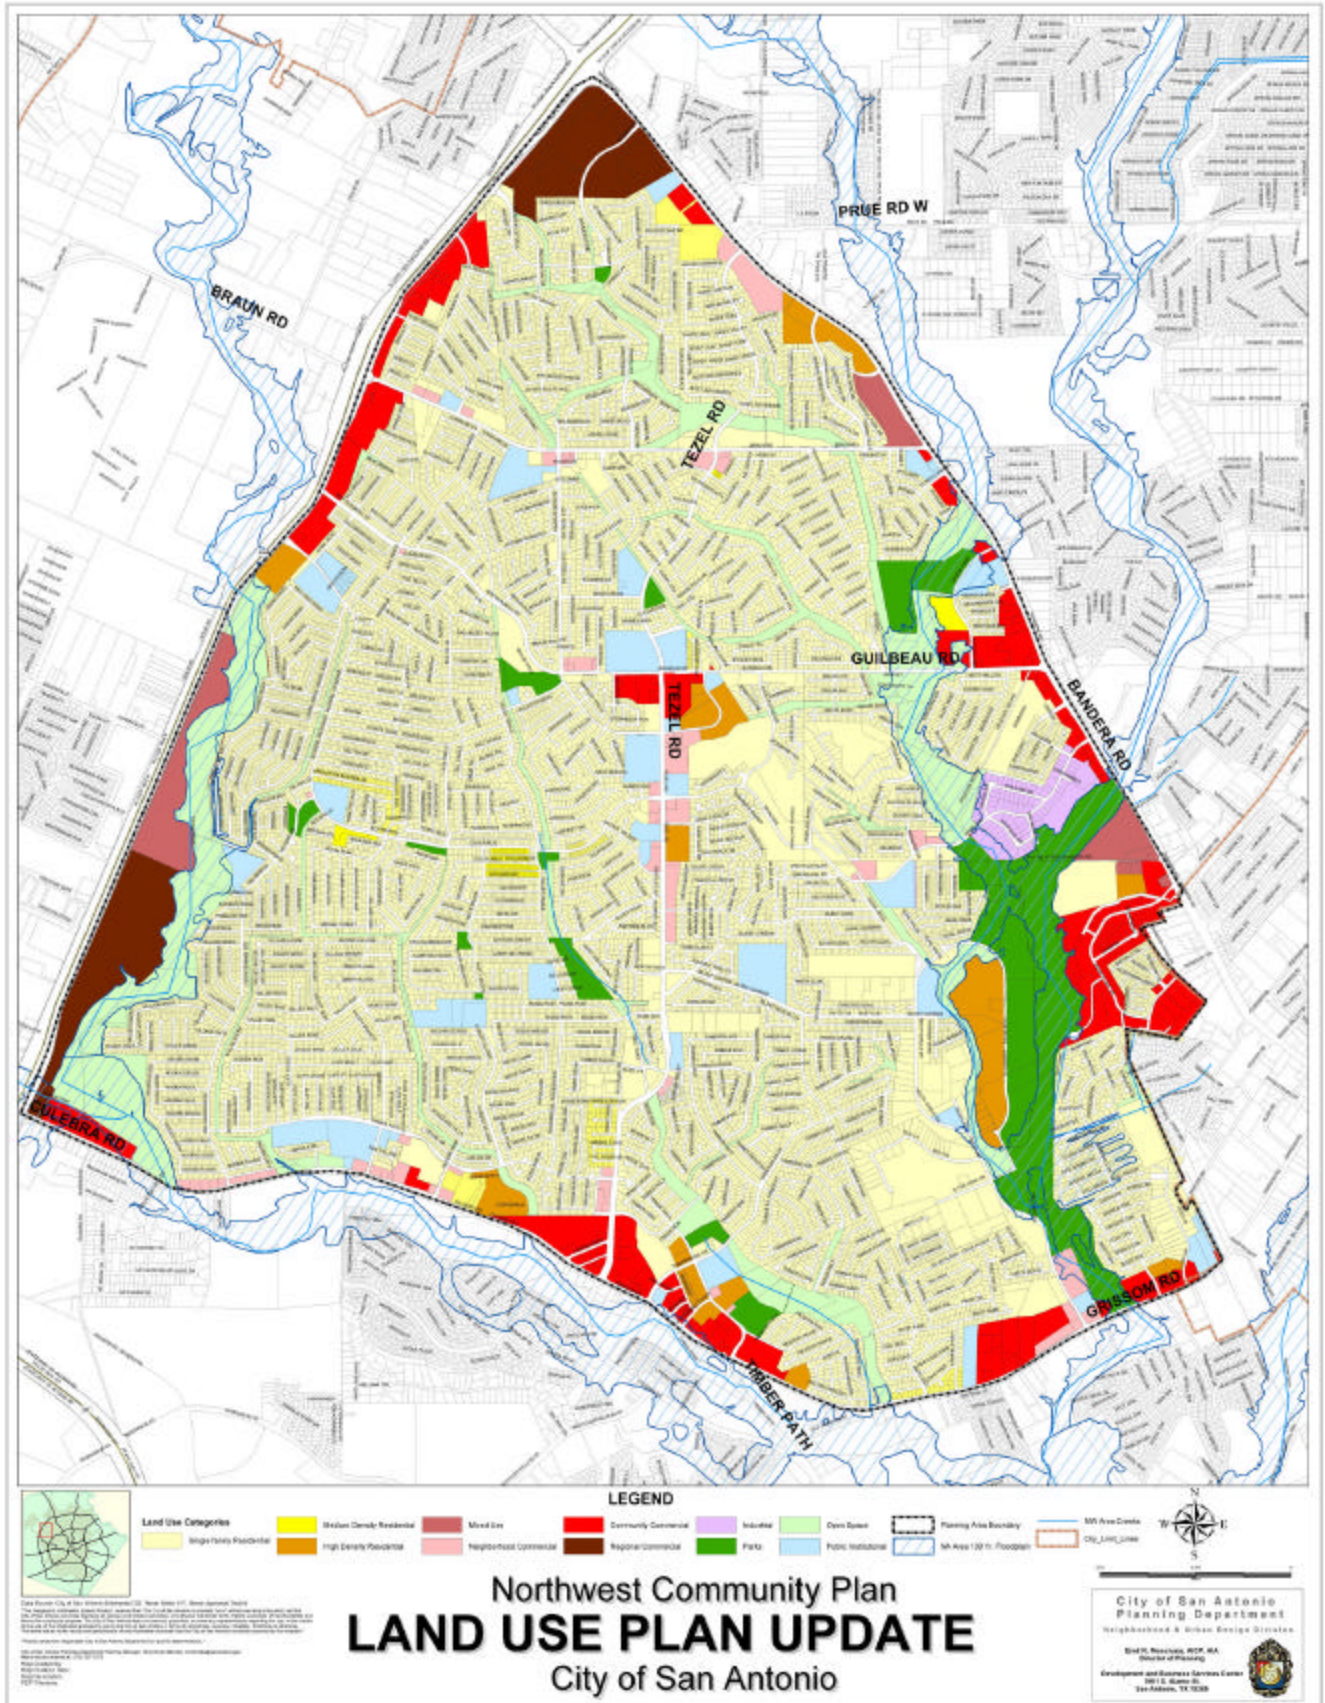

Northwest Community Plan

**THE LAND USE PLAN AND ZONING**

The Land Use Plan does not constitute zoning regulations or establish zoning district boundaries. The table below is meant to serve as comparative guide to utilize when evaluating for “consistency” between development / rezoning proposals, and the goals of the plan. More intense land uses may be allowed in less intense land use categories subject to conditional zoning or a specific use authorization that would facilitate context sensitive design in accordance with the plan’s goals and objectives.

<b>LAND USE CATEGORY</b>	<b>RECOMMENDED BASE ZONING DISTRICTS</b>
<b>Single Family Residential</b>	Residential Estate District, Residential Single Family Districts, Neighborhood Preservation Districts, Rural Development Flex District
<b>Medium Density Residential</b>	Residential Single Family Districts, Mixed Residential Districts
<b>High Density Residential</b>	Residential Single Family Districts, Mixed Residential Districts, Multi-Family Residential Districts
<b>Neighborhood Commercial</b>	Neighborhood Commercial District, Office Districts (except O-2), Commercial Districts (except C2 & C3)
<b>Mixed Use</b>	Mixed Use District, Urban Development Flex District, Transit Oriented Development District, Neighborhood Commercial District, Commercial Districts (except C-3), Office Districts (except O-2), Multi-Family Residential Districts
<b>Community Commercial</b>	Neighborhood Commercial Districts, Commercial Districts (except C-3), Office Districts (except O-2)
<b>Regional Commercial</b>	Neighborhood Commercial District, Commercial Districts, Office Districts, Business Park District

AN ORDINANCE **99256**

**AMENDING THE NORTHWEST COMMUNITY PLAN, A COMPONENT OF THE MASTER PLAN OF THE CITY TO UPDATE THE LAND USE ELEMENT OF THE PLAN IN AN AREA BOUNDED BY BANDERA ROAD AND THE CITY OF LEON VALLEY ON THE NORTHEAST, GRISSOM ROAD AND CULEBRA ROAD ON THE SOUTH AND LOOP 1604 ON THE NORTHWEST.**

\* \* \* \* \*

**WHEREAS**, the Northwest Community Plan was first authorized by Resolution Number 98-35-35, approved on September 24, 1998, and

**WHEREAS**, the Northwest Community includes approximately 14.3 square miles and approximately 68,906 residents; and

**WHEREAS**, a public hearing allowing all interested citizens to be heard was held on April 28, 2004 by the Planning Commission; and

**WHEREAS**, the San Antonio Planning Commission reviewed the Northwest Community Plan Update on April 28, 2004 and found the plan to be consistent with City policies, plans and regulations and in conformance with the *Unified Development Code*, and

**WHEREAS**, the Planning Commission recommends adoption of the Northwest Community Plan Update as a component of the Master Plan of the City; **NOW THEREFORE:**

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:**

**SECTION 1.** The Northwest Community Plan, a component of the Master Plan of the City of San Antonio, is hereby amended to update the land use element of the plan. A copy of the plan is attached hereto and incorporated herein for all purposes as **Attachment I**.

**SECTION 2.** This ordinance shall take effect on June 6, 2004.

**PASSED AND APPROVED on this 27h day of May 2004.**

ATTEST:

  
City Clerk

  
MAYOR  
  
EDWARD D. GARZA

APPROVED AS TO FORM:

  
City Attorney
